# About Palm Creek University

Palm Creek University is an online educational institution that offers accredited and globally recognized degrees to those who cannot pursue their studies from traditional educational institutes due to their work or personal commitments. Palm Creek University provides you with an opportunity to improve your career prospects by academic advancement, without interrupting your personal and professional life.

## Our Mission

"Palm Creek University is committed to providing accredited and acclaimed degree, certificate and diploma programs to students. Our programs nourish the skills of the students, enabling them to enhance their career prospects in the future. The university is dedicated to quality yet affordable education, exceptional student support services and applied scholarships."

## ▶ Shaping Minds

At Palm Creek, education is a life-changing experience. Our academic programs have been designed specifically to build your critical thinking skills. Unlike other online institutions, Palm Creek University has 16 fields of study offering 71 diverse majors in different disciplines. We offer a broad range of majors to students all over the world to help them achieve their academic pursuits and career goals.

## ▶ Redefining Education

At Palm Creek, our students are our first priority--period. Well aware of the fact that most of our students are busy professionals, we have designed flexible class schedules so you can finish your program at your own pace. The technology used in classrooms is simple and user-friendly. Our student advisors will be on hand to help with any queries relating to the university, its programs and scholarships. From the day you enroll to the day you graduate they will be with you every step of the way

# About the Faculty

Palm Creek is a top-rated university because of its excellent online educational system and competent faculty, which consists of world-class scholars and industry experts. Our faculty members come from all corners of the world, bringing with them valuable knowledge and expertise. We have both full-time and part-time faculty, which is involved in the designing and development of the courses and study programs. They also manage assessments of class work and assignments, and provide students recommendation letters for better job placements globally.

## Role of Our Faculty

Our faculty is committed to maintaining the best online learning environment by delivering quality education. Our online classrooms are entirely managed by our faculty from creating course content to preparing online exams. The faculty also promotes a better learning culture within the classrooms so that the students can properly develop their skills.

The faculty is mainly responsible for developing and improving the program's curriculums. As our faculty are professionals, having rich knowledge of the trends existing in the market related to their field they can easily update their curriculums accordingly.

The faculty at Palm Creek University is categorized into following types:

### 1) Visiting Faculty

Teachers, professionals, educationists and industry experts from across the globe are part of Palm Creek University as visiting faculty. They contribute by creating courses and interacting with students online. Assessment of assignments and issuance of recommendations for better job placements is also managed by our visiting faculty.

### 2) Permanent Faculty

The permanent faculty at Palm Creek University manages assessments, classroom management and student development. The roles of our permanent faculty are to:

- \* Manage Classrooms:
- \* Enhance Distance Education Experience:
- \* Assessment Management: Effectively evaluating student achievement

### 3) Associated Faculty

Faculty members, from across the globe affiliates of South west Central University come under this category. They, being associated to education and learning, are very useful resource dedicated towards betterment of education.

# University Affiliations

Palm Creek has partnered with the world's top universities and vocational institutes with the aim of providing quality education to students globally.

The affiliation has allowed the universities and institutes to offer the courses online which they can not offer in their campus-based environment. Furthermore, the partnership also provides working students a chance to earn their degree through Palm Creek virtual classrooms. Through this facility the students can create a perfect balance between their work and educational life.

There are two types of educational institutes that have partnered with Palm Creek in order to make education more accessible to their students.

## A. Conventional Universities:

Conventional universities from all across the world prefer to partner with Palm Creek because of its comprehensive programs, excellent faculty and easy to use online classrooms. Thanks to the affiliation, the partnered universities can now offer more programs to their students, thus giving them a chance to study in the program of their choice.

## B. Training and Vocational Institutes

Training and Vocational Institutes provide their students an option to study some of the courses from Palm Creek online classrooms. Through the partnership, the affiliated institutes are able to offer more certificates and diploma programs.

## ► Role of our Affiliated Universities and Institutes:

The basic role of the affiliated universities and institutes is to make education accessible to all those who are looking for quality and flexible education. Anyone—a working adult, homeschooled student, or even a housewife—with busy personal or professional commitments but willing to acquire quality education can easily earn a degree from Palm Creek. Once an individual completes their program, they will get a degree or certificate with the recognition mark of both Palm Creek and the affiliated university/institute.

# Global Presence

Palm Creek University offers quality education to its students, allowing them to study from anywhere without any career break. When you join our global learning community, you become a part of a network that is currently educating students in six regions, thus helping hundreds of students achieve their academic goals. At Palm Creek, education is effective, flexible and manageable.

Our virtual classrooms are highly professional and maintain an effective learning environment where students get to interact with people from different cultures, ethnicities and religions. Although belonging from different regions of the world, all students of Palm Creek have one common goal: to achieve academic excellence and have a prosperous and fulfilling career.

## Partner Employers

Palm Creek University has partnered with top national and multinational employers to offer its students rewarding career opportunities all over the world..

Our Corporate Partners offer:

### Internships

Our corporate partners offer internship opportunities to our current students. The internships offered extend from a time period of three to six months.

### Job Placement Opportunities:

The partnered organizations offer some of the best career opportunities to our students. These organizations keenly seek out our graduates because of their strong communication, analytical and leadership skills. .

## Accreditation

International Bureau of Education Accreditation is a self-governing and a globally recognized accreditation body. It grants accreditation to traditional and non- traditional educational institutes after evaluating them on stringent set of standards.

Palm Creek University is accredited by the IBOEA (International Bureau of Education Accreditation). Accreditation by the prestigious accreditation body assures prospective students that Palm Creek University successfully meets the IBOEA's requirements and criteria for conferring degrees, diplomas & certificates. IBOEA facilitates and reassures that students are making right choice in selecting an educational institute by accrediting the educational process and standards followed by a certain traditional or non-traditional institution.

# Student & Alumni Services

We at Palm Creek understand the needs and wants of our current students and alumni. Therefore, we have designed services that will not only help them complete their program easily, but also benefit them immensely after they have graduated.

## Student Consultancy

Students can take advantage of consultation through our experts and friendly advisors 24/7. Our consultants are available to attend to students' queries and concerns.

## Credit Transfer

Students can complete their degree in lesser time by taking advantage of Palm Creek Student Credit Transfer Program. This helps them continue their education program in a more flexible and affordable manner.

## Lifetime Education Verification

Students may explore various student employment opportunities in well-known national and multinational organizations through our career services. Our partnered corporate alliances provide our students and alumni with high-paid and rewarding jobs.

# Career Services

Students may explore various student employment opportunities in well-known national and multinational organizations through our career services. Our partnered corporate alliances provide our students and alumni with high-paid and rewarding jobs.

Our credit transfer program helps students obtain credit transfers in a majority of the courses. To transfer credits, students have to submit the transcripts of already studied courses while fulfilling admission formalities. After proper evaluation of their transcripts, their credit hours are successfully transferred, which means they neither have to apply for those courses nor study them again. This way, students can complete their program in record time and also get a substantial reduction in their tuition fee.

## Military transcripts

Military personnel may use their military training and experience to earn a Palm Creek degree. For military personnel we have introduced special tuition rates, reducing their total program fee by 50%.

If you have served in military, you may contact our student consultants at 1-866-744-1538 to learn more about submitting military transcripts.

## Get Your Credits Accepted Right Away!

You can get up to 70% of your courses exempted.

If you wish to transfer your credits to Palm Creek from another university, please contact our admission representative to receive a transfer evaluation and learn about credit transfer. We will review your transcript and, if possible, increase your transferred credit hours.
